# THE ASSOCIATION CHAIRMAN'S AND GENERAL DELEGATE'S ADDRESS

Despite hard international environment marked by world growth slackening, Tunisia achieved results that were overall satisfactory over 2008. Growth rate was 4.6% thanks to political and monetary authorities' vigilance and measures taken to reduce world crisis effect on national activity.

Tunisia's banking system was spared from the repercussions of the financial crisis thanks to its investment perceptive policy since, it did not invest in hedge funds known for their very high risk, or in very sophisticated financial instruments.

On the financial front, credit institutions consolidated their foundations because of record performances of their activity indicators.

Being aware of their vital role in financing the economy and, notably, against a background of economic crisis, banks and financial institutions made all necessary efforts to back up tunisian companies that experience difficulties.

Tunisia's Professional Association of Banks and Financial Institutions that represents the banking profession and serves as a body where its members can work together looked, within its new development strategy, into common initiatives which aim at promoting the sector image and improving banking services quality so that they rise to international standards and bring banks closer to their customers.

Working in close collaboration with the Central Bank of Tunisia, the Association undertook several activities to reinforce security with branches and organised a seminar which topic was "Tunis, regional financial centre".

## OUTSTANDING FACTS OF THE ENVIRONMENT

### A- International environment :

#### ***AN INTERNATIONAL ENVIRONMENT SINKING INTO AN IRREVERSIBLE PROCESS OF SERIOUS CRISIS***

Turbulences observed since August 2007 on main financial markets expanded in 2008 to end up into a worldwide financial crisis, unique of its kind for decades.

Under the impact of the subprime crisis in the United States, the crisis spread to other segments of financial markets as well as to a great number of financial institutions in the world.

The crisis became more acute starting in mid-September following the announcement of bankruptcy at the American Investment Bank "Lehman Brothers" causing panic on financial markets and total loss of confidence on the side of investors.

Lower consumer and business confidence combined with tougher loan conditions and negative wealth effects linked to a drop in real estate prices and in stock exchange rates affected economic growth forecast, reviewed several times downward.

The main industrialised countries intervened promptly, massively and in a concerted manner but failed in saving real economy from being rapidly affected by the crisis.

At the end of the year, several advanced economies experienced recession.

World economy, however, remained overall sustained, due to resistance of emerging and developing economies which continued to post strong expansions, though suffering a downturn towards the end of the year.

Thus, world GDP growth rate fell to 3.2% in 2008 vs 5.2% in 2007.

This world growth slowdown that affected, in particular, developed countries led to a sharp shrink of international demand despite successive reduction of key rates made by developed countries' main central banks. This resulted in a sharp drop in commodity prices and a significant fall of inflation.

This situation worsened by slower growth in the volume of world trade, down from 7.2% to 2.9% from one year to the next.

In emerging and developing countries growth was 6.1% in 2008 vs 8.3% in 2007. Slackening in activity started to affect emerging countries significantly over the closing months of the year. Internal demand and, in particular, business investment and net exports deteriorated.

Growth in commodity exporting countries with tight relations with the United States and Europe was marked by sharp slowdown, and other countries suffered from abrupt shrinking of external financing.

## B- National economic environment :

### TUNISIA'S ECONOMIC RESISTANCE TO EXTERNAL SHOCKS

Despite intensification of the international crisis, the Tunisian economy remained overall vigorous in 2008, posting 4.6% growth rate of real GDP compared to 6.3% in 2007.

This resistance to external shocks was made possible due to diversification in the country's economic activity and its high level of integration, though at a slower pace compared to 2007. Thus, the activity main indicators were up, in particular, for market services, tourism and communications.

Trade posted overall positive results despite significant slower growth in some exporting sectors over the closing months of the year due to a slowdown in world demand.

- Economic activity was sustained by a favourable regulating, monetary and financial environment. Indeed:
  - Measures were taken to encourage investment, back up exports and reduce unemployment.
  - Monetary policy remained watchful, continuing to mobilise resources and appropriate financing of the economy. This monetary policy was accompanied with a slow pace in prices, notably over the second semester of the year and that was confirmed in January 2009, down to 3.5% vs 4.1% in December 2008. In the same way, keeping the key rate of the Central Bank of Tunisia at 5.25% helped favourably achieve the economy objectives.

Since intensification of the financial crisis in September 2008, political and monetary authorities were watchful to curb adverse effects of the world financial and economic crisis.

For this purpose, measures related to current conditions were taken by the authorities to support economic businesses and allow them to continue their activities.

Restructuring programmes were announced to improve and consolidate the economy competitiveness to ensure recovery on sound foundations.

These measures concerned mainly:

- Promulgation of law n° 2008-79 of 30 December 2008 taking measures related to current conditions to support economic businesses to continue their activities. In accordance with this law, lending institutions must take measures to make it easy for exporting companies to take advantage of the incentives provided for under the above mentioned law. To this end, they must consolidate unpaid maturities on loans granted to companies eligible for export loans and that have encountered delays in collecting claims from export because of loss of foreign markets.
- Creation of a national commission chaired by the Prime Minister to monitor developments in the international financial and economic situation and propose appropriate measures.
- Setting up a watch-over unit under the supervision of the Central Bank of Tunisia to closely monitor evolving conditions on international financial markets.

**Vigorous economic activity favoured strengthening** of foreign exchange market in 2008. Overall volume of spot transactions amounted to 49,853 MTD vs 35,566 MTD in 2007 due to an increase in both transactions between foreign currency and the dinar and transactions from one foreign currency to another.

The dinar exchange rate kept depreciating against the euro, though at a lesser degree than in 2007.

Indeed, banks continued to support the different economic agents, in particular, young university graduate promoters.

The new **Charter** for financing small and medium-sized businesses, signed on 4 July 2008 between credit institutions, venture capital investment companies (SICARs) and support structures, stimulated banks' role to help young promoters and finance their projects.

For this purpose and in accordance with article **18 of law 2007-69 of 27 December 2007**, a unit related to small and medium sized businesses was created within each bank. This unit is in charge of elaborating and implementing an overall strategy that aims at developing bank's jobs and services related to promoting this category of businesses.

### ■ Financing structure by sector and by term

Given the major role in financing of the economy, the financial system continued to support all activity sectors as shown by the following table:

\* Loans given directly to farmers

Being the main job and wealth creator, services sector continued to be backed up by allocated loans. This sector share grew in **2008**, up to **44.8%** compared to **29.1%** and **3.8%** for industry and agriculture and fishing respectively.

The outstanding balance of short term loans granted by the financial system in **2008** amounted to **16,315 MTD** vs **15,255 MTD** in **2007**, up **6.9%** vs **8.7%** a year earlier, thus bringing its share to **49.8%**.

This higher rate was the result of the faster pace of growth of loans granted to industry and services: **13.7%** and **12.3%** respectively against **8.7%** and **8.4%** in **2007**.

Totalling **16,470 MTD** at end **2008**, the outstanding balance of medium and long term loans went up by **20%**, vs **13.3%** the year before.

This increase concerned all sectors: agriculture and fishing (**16%** vs **4.6%**), industry (**11.6%** vs **8.2%**) and services (**13.6%** vs **9.3%**).

In the same way, the two specialised banks, the Tunisian solidarity Bank (BTS) and the Bank for Financing Small and Medium Businesses (BFPME) created in 1997 and 2005 respectively granted loans to face financing problems met by young promoters, in particular, the young university graduates.

### ■ The Tunisian Solidarity Bank's (BTS) intervention

BTS approved over **2008** the financing of **11,234** projects for an amount totalling **101.6 MTD**, thus creating **22,226** jobs.

Over the past three years, BTS financed the following:

As for family computers, BTS financed the purchase of **5130** units for an amount of **5.9 MTD** compared to **6117** units and **6.6 MTD** in **2007**.

BTS intervention over the period 2000-2008 is as follows:

### ■ The Bank for Financing Small and Medium Businesses (BFPME)'s intervention

Since **March 2005**, BFPME has offered a range of financing adapted to promoters' needs. Particular attention was paid to new promoters and to small and medium sized businesses that are predominant in the industrial fabric.

Thus, over the last three years since its creation, BFPME financed **710** projects for an overall volume of **539 MTD** favouring therefore overall financing.

## 2°/ FINANCIAL INSTITUTIONS' SUSTAINED CONTRIBUTIONS

### ■ Leasing companies' intervention

The leasing sector consolidated its contribution to financing for the economy over 2008 as shown through disbursements pace that grew 12.7% in that year vs a more significant increase of 37.3% in 2007, thus, bringing the leasing rate of penetration in Gross Fixed Capital Formation to 10.6% vs 11.2% a year earlier.

The sector's net proceeds posted an increase of 18.7% or 11.2 MTD to 71.1 MTD, 25.4 MTD of which went to cover operating charges. This resulted in improvement of operating ratio that grew to 35.7% vs 39.5% in 2007.

The solvency ratio of the leasing sector went up markedly, from 15.3% at the end of 2007 to 19.4% at the end of 2008, following consolidation of the sector's core funds thanks to capital increase and mobilisation of complementary core funds in the form of subordinated borrowings.

### ■ Other financial institutions' contribution

Factoring continued in 2008 to contribute in financing for the economy.

Thus the volume of purchased invoices progressed 10.4% in 2008 vs 8.5% in 2007.

Intervention by the sector in 2008 benefited 511 members for 24,156 buyers compared to 464 members for 22,852 buyers in 2007.

## B- PERFORMANCE CONSOLIDATION

In accordance with directives of Basle II prudential rules and taking into account Tunisian banks' and financial institutions' requirements to open national financial services to international competition combined with the objective to rise Tunis Centre to a regional financial centre, all Banks and Financial Institutions kept on improving their performance.

This performance concerned both their financial bases and activity indicators as well as the quality of banking services.

### I- FINANCIAL BASE :

Efforts made by all banks to consolidate their financial base continued over 2008 through increase of capital. Thus core funds went up 435.6 MTD or 12.6% to amount to 3,905.5 MTD at end 2008.

On the qualitative side, 2008 reflected that risks were kept down better as shown by the drop in the share of non-performing loans in bank commitments. This fell from 24% in 2003 to 17.6% in 2007 to amount to 15.5% at end December 2008.

This consolidation resulted in improvement in the average ratio of coverage of risks that reached 11.7% in 2008 vs 11.3% in 2007.

Net of provisions, the share of non-performing loans was 7.4% at end 2008 vs 9.1% in 2007.

### 2- ACTIVITY INDICATORS :

#### 2.1 : Net Banking Proceeds (PNB)

Study of tunisian banks' activity indicators (1) made over 2008 shows an overall net banking proceeds of 1,684 MTD vs 1,486.5 MTD over last year same period, up 13.3% or 197.5 MDT.

---

(1) The analysis concerned the 20 all-purpose banks of Tunis Centre: ATB, BFT, BNA, BH, ATTIJARI BANK, BT, AMEN BANK, BIAT, STB, UBCI, UIB, CITIBANK ONSHORE, BTK, STUSID BANK, TQB, BTE, BTL, BTS, ABC and BFPME.

## 2.2 : NET COMMISSIONS

Banks' activity generated in 2008 net commissions on banking transactions and, in particular, those in relation with foreign trade transactions and monetics, an increase of 35 MTD or 10.9% vs + 26 MTD or 8.8% in 2007.

## 2.3 : RESULT

Amounting to 395.6 MTD in 2008 and taking into account accounting modifications, Banks' net result progressed 280.8 MTD or 244.6%. This performance is due to both PNB improvement and keeping down operating costs.

## 2.4 : OPERATING RATIO

Aware that it is important to keep costs down, banks went on reducing operating costs.

Thus operating ratio improved by 3 percentage points to come to 45.4% in December 2008 vs 48.4% a year earlier.

## 2.5 : RETURN ON EQUITY (ROE), RETURN ON ASSETS (ROA) AND TRANSFORMATION RATIO

These results generated better profitability, with return on equity (ROE) up from 10.1% in 2007 to 11.2% in 2008 and return on assets (ROA) increasing from 0.9% to 1% over the same period and this not taking into account negative results posted by two banks in 2007.

Transformation ratio defined by the link between loans and deposits grew up slightly, 0.3 percentage point to 95.8% at end 2008 against 95.5% a year earlier.

## C- MODERNISATION AND BANKING SERVICES QUALITY

### 1°/ INCENTIVES FOR IMPROVED BANKING SERVICES :

#### \* Instituting a prize for quality of banking services :

To encourage banks to offer customers good banking services, a prize is given to the branch that offers best services.

#### \* Pursuit of policy targeting improved banking services :

Lending institutions must inform private individuals who borrowed money at a variable rate of any money market rate change and give them a table of contracted debt redemption (cf Central Bank of Tunisia circular to lending institutions n° 2008-10 of 5 May 2008).

### 2°/ IMPROVED MEANS OF PAYMENT :

Banks have to set up a cash machine in every branch and repair it. In this respect, the bank must designate a person at each branch to keep an eye on the proper functioning of cash machines and ATM's throughout the whole year, on holidays and weekends (cf. Central Bank of Tunisia, circular to banks n°2008-16 of 18 August 2008 and n°2008-15 of 15 august 2008).

### 3°/ DEVELOPING BANK BRANCHES NETWORK :

To continue improving quality of banking services, the banking network was consolidated by the creation of 100 new branches, bringing up the total number of agencies, bank note counters and branches to 1194 at end 2008 against 1094 in 2007.

THE ASSOCIATION  
ACTIVITY :  
***STRONG COMMITMENT  
IN PROMOTING  
COMMUNITY  
PROJECTS***

## THE ASSOCIATION ACTIVITY : **STRONG COMMITMENT IN PROMOTING COMMUNITY PROJECTS**

Consolidated by its board's decisions, the Association does not spare any effort, within its three-year development strategy (2009-2011), to carry out its new aims. These strategic objectives aim at working together to ensure banking sector and financial institutions promotion and raise it to international standards and norms as far as service quality is concerned by complying with obligingness, governance and prudential rules.

To achieve such objectives, the Association, driven by objectivity, integrity and independence values, will see to promoting and developing financial and banking infrastructure (human resources, new technologies...) to have regional influence.

Against this new background and in addition to elaborating statistics relating to investment financing, making an inventory of university-study loans granted by banks and loans to family-computer purchase, updating every so often the Association web site, vocational training and realizing banks and financial institutions values; the Association organised several events over 2008 of which notably:

- Organising the second International Exhibition of Banking Services and Monetics,
- Putting into force the Small/Medium Sized Businesses Financing Charter followed by the creation of a functional committee within BFPME,
- Managing and improving banking services quality,
- Elaborating a guide of ethics for the profession,
- Launching a bi-monthly periodical called "The Banker's news",
- Coordinating the banking sector participation in Tunis Economic Forum,
- Contributing in the preparation for implementing in banks Basle II principles,
- Carrying out vocational training,
- Contributing in the organisation of international, regional and national events in close and direct relation with banks and financial institutions activities,
- Setting up a programme of communication and information on the financial crisis,
- Examining the putting into force of the Cooperation and transparency Charter,
- Promoting investment.

## I- RUNNING INTERBANK PROJECTS :

The Association participated in several activities :

- Examining and coordinating the implementing of circular to authorised intermediaries n° 4-2008 of 3 March 2008 related to the activity of bank note exchange and the setting up of foreign exchange permanence,
- Running activities related to improved banking services in accordance with directives provided for BCT circulars to lending institutions n° 2008-05 of 4 March 2008, n° 2008-10 of 5 May 2008 and n° 2008-15 of 15 August 2008,
- Managing activities related to strengthening security measures within bank branches in accordance with conditions dictated by BCT circular to lending institutions n° 2008-22 of 25 November 2008,
- Examining auditing procedures of market guarantees delivered by banks.

## 2- REPRESENTING THE SECTOR ON THE NATIONAL AND INTERNATIONAL LEVEL

### ■ ON THE NATIONAL LEVEL :

The Association worked on harmonising the sector activities on the national level and participated mainly in :

- Setting up interbank agreement to:
  - Improve time of release of mortgage remittance to customers,
  - Implement Financing charter of Small and Medium Sized Businesses and create an operational Committee within the Bank for Financing Small/Medium Businesses (BFPME),
  - Elaborate the profession code of ethics,
  - Examine the implementing of Transparency and Cooperation Charter;
- In the field of communication: Launching a bi-monthly periodicals called "The Banker's Report", the first four issues are already on the Association's web site.
- Coordinating the sector's participation in events relating to:
  - Preparation of the first exhibition of Enterprise Creation at Tunis International Exhibition organised by the Investment Promotion Agency (API) in collaboration with the Ministry of Industry, Energy and Small/Medium Businesses, The Ministry of Higher studies, Scientific Research and Technology with the support of Tunisian Union of Industry, Trade and Handicraft (UTICA), Industrial Modernisation Programme (PMI), Tunisia's Professional Association of Banks and Financial Institutions (APTBEF), Tunisian Association of Investors in Capital (ATIC) and Tunisia's Chartered Accountants Order (OECT),

- Coordination of banks' participation in Tunis second economic forum organised by "El Iktissad wal Aamal »,
- Setting up communication and information programme about the financial crisis through a thought committee "communication on the financial crisis" in charge of defining a communication strategy and which meets periodically at APTBEF's Headoffice,
- Setting up within the sector a permanent committee of internal audit and adopting functioning practical modalities,
- Dealing with difficulties of bank financing met by businesses members of financial restructuring programme.
- Extending SOTUGAR's intervention field notably to spin-offs, up-keep services, maintenance and vehicles repair as well as to services linked to the environment in accordance with presidential directives.

## ■ ON THE INTERNATIONAL LEVEL :

The Professional Association undertook several initiatives within the framework of its activities in the field of regional and international cooperation:

### A- Inter-Maghreb Partnership :

- Participation in the Board meetings and General Meeting of the Maghreb Banking Union (UBM), notably, in files prepared by the different commissions (ad-hoc commission to introduce the Maghreb Single Currency),
- Signature of partnership agreement with Morocco's Professional Association of Banks,
- welcoming a Libyan delegation made of representatives of several ministries of Libya Central Bank to set up "Libyan Trade Net" (a similar institution to Tunisia Trade Net (TTN) in Tunisia),
- Participation in a workshop to consolidate coordination and statistics cooperation between Maghreb countries (1<sup>st</sup> to 3 December 2008).

### B- International Cooperation :

As for International cooperation, the Association consolidated its relations, in particular, with the region's countries thanks to :

- Talks with a World Bank delegation in the framework of financing for projects to save energy,
- Organisation of a seminar, in collaboration with COTUNACE and SIAICE (an Islamic guarantee body, based in Jeddah and dependant of Islamic Bank Group), to give information on guarantee islamic instruments for investment or export whether in islamic countries or others. It came out that many instruments are well

appreciated by tunisian banks and Import/Export operators. Training seminars on these instruments will be organised with COTUNACE collaboration.

- Collaboration with LEASEUROPE that led APTBEF to become a member as an observer to this body,
- Signature of a cooperation agreement with the Institute of the Public Financial Education (France) to disseminate financial culture to the general public,

### **3- CONTRIBUTING IN BANKING SERVICES IMPROVEMENT :**

The sector commitment to improve services quality is based on several aspects which make the necessary infrastructure to build up sector related system of banking services quality. They are:

#### **a - Means of Payment :**

Electronic – clearing interbank committee improved its procedures relating to electronic clearing of cheques and bills. It concerns the matter to improve the procedure of cheque bounce, to control bills and dishonoured cheques and to put up-to-date the agreement on securities exchange to make it comply with the principles of law n° 2007-37. A list of bank representatives in charge of securities physical exchange in case of petition has been set up. It is posted on APTBEF's website at the following address: ([www.apbt.org.tn](http://www.apbt.org.tn)).

#### **b - Monetics interbank commissions' activities «Affiliation» Commission :**

« Affiliation » Interbank commission continued its works to set up a community strategy which can boost Affiliation of tradesmen to a payment system by card.

Thus, the commission worked, notably, on:

- Examining practical means to implement sector agreement, relating to promotion of card payment in neighbourhood shops;
- Coming to an agreement so that TPEs are managed by a mutual company. An outsourcing contract of TPEs setting up and maintenance to SMT has been elaborated and submitted to banks;
- Examining the setting up of single Purchaser strategy recommended in GAP GEMINI report and accepted as a main vehicle to develop Affiliation.

### «Procedures» Commission

«Procedures» interbank commission devoted itself to elaborate a series of procedures related to the management of monetics transactions.

Measures were accepted by the community, in particular, those of which are related to stop payments and to captured cards.

### E-Tasrih Commission

Payment system of electronic declaration by bank card via Securitized Payment Server (SPS) was set up in May 2008. A transitional period was decided by the Ministry of Finance to allow the taxpayer to make declaration on line and then proceed to settlement at office collector of tax.

Moreover, to encourage payment by bank card, a campaign to set up TPEs in offices collector of tax was launched in March 2008 during the national campaign of road tax selling.

### « Securitized Payment System by Transfer-PSV » Commission

This commission's works led to define general functional specifications of securitized payment by transfer via internet.

The terms of reference for launching competitive bidding are being elaborated.

### «Tunis Air commercial website» Commission

Works undertaken by the commission to follow up the electronic selling of travel tickets through Tunis- Air sale website, led to:

- Confirm technical reliability of the system;
- Identify foreign correspondents, notably french, who refuse systematically and without justification to authorise transactions initiated by their clients. These banks were denounced to VISA and approached directly, with the Central Bank of Tunisia's collaboration to invite them to work with Tunis Air commercial website;
- Examining commercial difficulties encountered by Tunis Air in the field of foreign exchange (fares are published on the site in the client's currency whereas compensation is made in dollars according to VISA regulation).

The National Agricultural Bank (BNA) started procedures to buy from VISA a multi foreign currency management programme (International Airlines Program) which allows the carrying out of transaction in one foreign currency.

Moreover, the commission is pursuing its works to elaborate the terms of reference of a diagnostic operation which allows, notably, assurance on the system capacity to face the activity increasing costs.

#### **c - Control of proper running of Cash machines DAB**

APTB EF's watch-over unit continue to control proper running of cash machines (DAB) (since 1st January 2008, the watch-over unit has been ensuring control of DABs which are not connected to SMT Server). Permanent contacts between the watch-over unit and those in charge of monetics to ensure proper working order of DABs and the efforts made by banks to improve quality of DAB service brought down failure rate from 7.1% for the period 23 November to 2 December 2007 to 4.5% for the same period in 2008.

#### **d - Security measures within bank branches**

The profession started in November 2008 a series of interbank meetings on physical security in bank branches. The aim consists in elaborating a security practical code which covers all physical and immaterial aspects to anticipate risks of fraud, attacks and aggressions. An ad-hoc interbank committee was set up to elaborate an interbank code on security and the necessary measures to implement security system within bank branches.

### **4-VOCATIONAL TRAINING :**

#### **A- TRAINING THAT CONFERS A DIPLOMA**

##### **a - Medium-Term Cycle**

###### **I/Trend in registrations**

The following table shows trend in registrations in medium-term cycle at the Banking training Professional Centre (CPFB) for the period 2005-2008:

<b>Session</b>	<b>Number of Registered</b>		<b>Total</b>
	<b>Common Curriculum</b>	<b>Specialization</b>	
2005 - 2006	280	80	360
2006 - 2007	125	55	180
2007 - 2008	199	51	250

The total number of registered students at CPFB medium-term cycle increased for the period 2007/2008 after a drop over the period 2006/2007. This is due to the fact that it concerned only second and third year classes because of the setting up of the reform started in this respect and which delayed the beginning of a new entering class.

On the other hand, breakdown by those registered in specialization over the same period is shown in the following table:

Session	Specialization			Total
	Customer Relations	Credit-man	Bank-insurance	
2005 - 2006	36	22	22	80
2006 - 2007	41	14	-	55
2007 - 2008	39	12	-	51
<b>TOTAL</b>	<b>116</b>	<b>48</b>	<b>22</b>	<b>186</b>

"Customer relations", specialization, as shown by the table above, remains the tunisian banks' main concern for the running period; which explains the strategic position this specialization has in activity plans of point of sale in the tunisian banking system network.

## 2/ Results of the first five entering classes

Five entering classes finished their training within CPFB medium-term cycle of the training programme that confers a diploma. The first finished in December 2005, the second in March 2006, the third in December 2006, the fourth in January 2008 and the fifth in December 2008. Those who got the diploma of specialized vocational training, breakdown by specialization and by entering class are shown in the following table:

	Diplomas earned 5 <sup>th</sup> entering class	Diplomas earned 4 <sup>th</sup> entering class	Diplomas earned 3 <sup>rd</sup> entering class	Diplomas earned 2 <sup>nd</sup> entering class	Diplomas earned 1 <sup>st</sup> entering class
	IN %				
Front Office Specialization Customer Relation	88%	84%	75%	68%	83%
Front Office Specialization Financing/ Commitment / Collection	83%	65%	70%	60%	63%
Front Office Specialization Bank-insurance	100%	83%	60%	-	-
<b>TOTAL</b>	<b>88%</b>	<b>79%</b>	<b>69%</b>	<b>65%</b>	<b>75%</b>

Pass rate in the Major Oral tests to grant the Diploma of Specialized Vocational Training for the 5<sup>th</sup> entering class was 88% against 75%, 65%, 69% and 79% for the 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> entering classes respectively. This improved pass rate is due to better management and consolidated preparation of the candidates through the introduction of preparation days for the Major Oral test.

A follow-up of those students who got their diplomas and belong to the previous entering classes in their banks was ensured by CPFB to make sure they do jobs adapted to the characteristics of the training they had; and this in compliance with the Central Bank of Tunisia governor's recommendation when he presided over the Jury in January 2008 meeting.

Thus, CPFB gathered all those who got the diploma from the four entering classes for a seminar on “quality of banking services”.

**3/ Setting up of “Certificate of bank Commercial Advisor”** in partnership with CPFB France; a Training that confers a Certificate which is additional, in terms of specialization, to the Medium-Term Cycle Training that confers a Diploma. This training is expected to start at the end of 2009 fourth quarter.

### b - Upper cycle: Banking Technical Institute (ITB)

The number of candidates from the Tunisian banking sector registered at the Banking Technical Institute, Paris progressed over the last three years as follows:

	2005/2006	2006/2007	2007/2008
1 <sup>st</sup> year ITB	152	81	85
2 <sup>nd</sup> year ITB	161	175	54
<b>TOTAL NUMBER</b>	<b>313</b>	<b>256</b>	<b>139</b>

For the academic year 2007-2008, the total number of registered in ITB programme organised within a partnership with CPFB France dropped, in absolute terms, by 117 and 174 compared to the years 2006-2007 and 2005-2006 respectively. This decrease is significant mainly in the number of those registered in the first year, because of coming into force of the new regime meant exclusively to those who got the diploma of CPFB Medium-Term Cycle and those who have the Baccalaureate and studied two years at university, starting September 2006.

End of year results over 2005-2008 period for the 1<sup>st</sup> and 2<sup>nd</sup> years are detailed in the following tables:

#### ITB First year

Year	Registered	Those who took the exam	Those who passed	Pass rate
2005 - 2006	152	110	98	89.09 %
2006 - 2007	81	81	28	34.57 %
2007 - 2008	85	85	28	32.94 %

#### ITB Second year

Year	Registered	Eligible for oral examination	Diplomas earned	Pass-rate
2005 - 2006	161	150	72	48.00 %
2006 - 2007	175	165	109	66.06 %
2007 - 2008	54	54	34	63.00 %

The 63.00% pass rate for the second year over the academic year 2007-2008 is slightly down compared to the same year over the academic year 2006-2007: 66.00%.

Pass rate for ITB 1<sup>st</sup> year over the academic year 2007-2008 was 32.94%, slightly down compared to the result of the previous academic year.

#### c - Upper Cycle: Vocational MBA

2008 was marked by the launching of the second entering class of the MBA Risk Management in April 2008 in partnership with Tunis High Institute of Management to the benefit of 25 University graduate employees or holding an equivalent diploma. The overall pass rate in the second year for this MBA related to the first entering class was 78%.

A second vocational MBA in Finance, in partnership with the Private Mediterranean University in Tunis and the French University Cergy Pontoise is in preparation.

### B- TRAINING THAT DOES NOT CONFER A DIPLOMA

2008 was characterised by consolidating programmes of training that does not confer a diploma. This concerned both the content and sessions organisation. Indeed, 29 sessions were organised and benefited to 1093 participants, these sessions covered varied topics such as implementing Basle II requirements, fight against money laundering, compliance, risk management, services quality, banking mediation, preparation for the Major Oral Conferring the Medium-Term Cycle Diploma and ITB Diploma, etc ...

Thus, as a fringe event to the second national Exhibition of banking services and monetics " 2008 Bank and Monetics" held in October 2008, Tunisia's Professional Association of Banks and Financial Institutions organised, in collaboration with the Central Bank of Tunisia a seminar on Tunis, "**a regional financial centre**". The seminar was enhanced by the presence of the Governor of the Central Bank of Tunisia and gathered, besides the guests and credit institutions' General Managers, executives from banks and financial institutions, the Central Bank of Tunisia, the Ministry of Finance, banking mediators, professors....

Adapted specific cycles were set up to meet member institutions' needs in some specializations as well as preparation programmes for internal competitive examination and the organisation of the related oral and written tests.

On the other hand and within the collaboration between the Agency for the Transfer of Financial Technology in Luxembourg (ATTF) and APTBEF, seminars were organised in Tunis and in Luxembourg on "Practical exercises of sales techniques

and welcoming customers to improve quality in the Bank Branch", "Market risk management" and "capital markets and financial instruments certificate", in which participated junior staff from the sector.

The attached table of appendix I breaks down by topic the number of those who benefited from these carried out activities over 2008 for 1093 sector's employees. Appendix II tables take back breakdown, by member institution, the participants' number in 2008.

## C- REMOTE TRAINING

Over 2008-2009, Remote Training system was consolidated, whether in cycles that confer a diploma (upgrading, MBAs) or in ongoing training (courses for cashiers on counterfeiting detection).

However, and in anticipation of needs increase over the next years, a deep reform of Remote Training system has become necessary. It will concern Hardware (the platform Functionalities) and Software (Development of pedagogical contents). The first steps to identify a local partner have already been taken (SIT and IBM Tunisia).

## D- MEDIUM- TERM CYCLE REFORM

Implemented in 2007, the reform relating to the curriculum that confers a diploma taught at APTBEF's Banking Training Professional Centre for Medium-Term Cycle was achieved. The upgrading programme meant for 140 candidates is carried out through Remote Training system, mainly (75% of the sessions). This programme is carried out in the framework of Training new regime for Medium-Term Cycle, the implementation of which is scheduled for January 2009. This regime is made of four Studies semesters (a six-month common curriculum and three semesters of specialization). Affecting three specializations: customer relations, credit man and collection and foreign exchange dealers. Modules detailed plans and relating pedagogical documents designing of new regime common curriculum were approved by the Centre Pedagogical Committee.

## E- CPFB PEDAGOGICAL COMMITTEES

a) CPFB Medium – term cycle Pedagogical Committee held over 2008 a series of meetings devoted mainly to the following issues:

- Setting up of upgrading modules for CPFB Medium Term Cycle
- Choosing those who will teach the upgrading modules
- Introducing teaching-contract system

- Setting up the position of «Pedagogical Coordinator»
- Setting up the modules terms of reference relating to new regime Medium-Term Cycle Common Curriculum
- Launching the certificate of Bank Sales Advisor (CCCB) in partnership with CFPB France
- Validating detailed plans of Common Curriculum modules of new regime Medium Term Cycle.

**b)** The Upper-Cycle Pedagogical Committee in charge of setting up and piloting the Vocational MBA in “Risk Management” held four meetings in 2008: The discussed issues are the following:

- Deliberation of the first year remedial session results of the first entering class
- Choice of second year teachers of the first entering class
- End of studies projects
- Evaluation of the first phase progress of MBA first year
- Launching the second-entering class
- Deliberation of the first year results of the first entering class
- Examining of the request relating to the written test of Rates Products module made by the second entering class students
- Evaluation of the written tests results of the first five modules.

## F- INTERNATIONAL COOPERATION

- a)** In the framework of cooperation with CFPB France, discussions have begun on Training project «Bridges» devoted to young tunisian university graduates to guide them to Bank specializations in Tunisia and, potentially in France within «abilities and talents» device piloted by the French Embassy in Tunis. This project, of a national scope; presents an openness that can be used by French Banks which develop their activities in the mediterranean countries and which could, given this fact, use this tunisian human capital in their projects. On the other hand, reflection has been made on conducting joint training activities in the region: Libya, Algeria, Mauritania.
- b)** Training programmes organised in Tunis within partnership with the Agency for the Transfer of Financial Technology in Luxemburg have been consolidated; Bank executives were invited to participate in programmes, organised in Luxembourg.
- c)** Contacts were made with Libyan, Algerian and Moroccan homologues to make them interested in developed products. The aim is to give MBAs carried out by APTBEF's Training Centre, a regional scope.

d) In the framework of cooperation between two Maghreb Professional Associations, APTBEF and the Professional Group of Morocco Banks (GPBM) representing respectively Banks and Financial Institutions for Tunisia and Banks for Morocco, a partnership agreement was signed. This agreement is within the procedure adopted by Maghreb banks which aim, in compliance, notably, with political and monetary authorities' guidelines and in harmony with the Maghreb Banks Union activities, at strengthening trade, mutual business operations and cross-border financial services development between Tunisia and Morocco.

**MONETICS**

The logo consists of a light gray square icon containing a white 'M' shape, positioned above the word 'MONETICS'. The word is in a bold, blue, sans-serif font. There is a thin horizontal line above and below the word 'MONETICS'.

## THE ACTIVITY FOCUSED NOTABLY ON THE FOLLOWING MATTERS :

### I – INTERBANK PROJECTS

- **Data-processing security** : APTBEF, in collaboration with the National Agency of Data-Processing Security, started updating the site of Information Systems Security Observatory (OSSIT). This observatory includes different warning, fault messages and information on different events relating to data processing security.
- **Broadcast of IBAN releases communicated by SWIFT** : The profession, in collaboration with SWIFT, broadcasts IBAN releases updating messages to banks' international services. This updated communication allows banks to avoid irregularities in SWIFT funds transfer and thus avoid different risks related to transborder transactions bounce.
- **Tunisia Fraud Forum** : Tunisia Fraud Forum Committee, created in October 2008, held its second quarterly meeting in May 2009. The Committee reviewed the activities carried out over the previous quarter and discussed measures to undertake by the end of 2009.

Worth of note that in Tunisia, fraud rate by bank card is on the downward trend and it is, until today, among the lowest in the Middle East area and in Africa.

- **Collaboration with the National Institute of Standardization and Industrial Property (INNORPI)**: The profession works on elaborating a Tunisian norm referential (Norm ISO 20 022). Its aim is to prepare the banking sector for all technical charges necessary to the profession development. Besides and on INNORPI'S demand, APTBEF identified standards and standardization projects that depend directly on ISO/TC 68 committee and which concern the financial and the banking sector in order to examine them and make them adopted by the different partners.
- **Security in Bank-Banches** :
  - \* Elaboration of the physical security charter: The Charter is being reviewed by the Committee members to be validated in a meeting that will be held in June 2009.
  - \* In the framework of consolidating bank assets security and in compliance with the Central Bank of Tunisia circular, notably, circular 2008-22 relating to the compulsory setting up of video surveillance within lending institutions, the profession asked Mr Governor of the Central Bank of Tunisia for more time to set up electronic surveillance.

■ **Foreign exchange permanence :**

\* Following banks' recommendations and with the agreement of the Central Bank of Tunisia, some easing was introduced in the rules of setting up plannings for manual foreign exchange permanence. Branches which did not record foreign exchange transactions during the previous periods were taken off the plannings. Change came into force starting March 2009. A meeting was scheduled before end June 2009 to evaluate the activity of foreign exchange permanence ensured since July 2008 and define foreign exchange programme over the summer and in Ramadan for all regions.

■ **Doing away with paper support for the Definitive Bill at Export (FDE):**

\* The profession participated in the design and approach to do away with paper support for FDE and to its validation and ensures achievement follow up at TTN.

## 2 – ACTIVITY OF MONETICS GOVERNANCE AND COMMUNICATION STRUCTURE FOR THE FIRST SEMESTER 2009

To carry out the National programme of improved quality in banking services and Monetics promotion, Monetics Governance and communication structure's works focused, notably, on:

■ **Monetics interbank commissions' activity :**

- \* "Procedures" Commission,
- \* Management of captured cards:
  - Expired cards are no longer captured by DABs;
  - Captured cards are given back to the issuing bank within a working 7 day period, starting capture date.
- \* Management of clients' complaints: Clients' complaints relating to drawing transactions (unserved client, debited account) must be dealt with within two working weeks, starting from the complaint date,
- \* Affiliation commission,
- \* Follow up and harmonization of implementing the sector agreement to promote neighbourhood trade affiliation to payment system by card,
- \* Review of Affiliation development difficulties and measures to undertake to remedy to such situation.

■ **Electronic – trade activity of the airline Company Tunis-Air :**

- \* In the framework of follow up activity of tickets electronic selling through Tunis-Air commercial site and SMT Secured Payment Server, the undertaken works made it possible to identify the foreign banks which refuse, without any reason, to authorise their clients to buy tickets on Tunis- Air site. The efforts made combined with the Central Bank of Tunisia intervention, in particular, reduced significantly the rate of bounce transactions. In the same way, works were undertaken to improve the system capacity to face increase in activity costs and allow a multi-foreign currency management of transactions.

**▪ Follow-up of DAB service quality :**

APTBEF's Watch-Over Unit continues to follow up the quality of DABs functioning.

The number of check up made by the watch-over unit totalled 17009 for the first semester 2009, an average of 2835 check ups by month.

Thank to the follow up ensured by Monetics piloting committee and efforts made by banks, dysfunctioning rate fell significantly from 3.7% in January 2009 to 1.3% at end June 2009.

**▪ Activity of "Communication in favour of improved image of the banking sector" Commission :**

Interbank works were undertaken to set up a programme of communication in favour of improved image of the banking sector.

The suggested programme is about the following:

Targeted activities were identified, to the benefit of the general public, and spread financial and banking information:

- \* Consolidating sensitization activities in branches;
- \* Inserting permanent columns in newspapers and magazines;
- \* Designing a short and permanent radio and/or TV programme.
- \* Consolidating the launching of "The Banker's news" by APTBEF;
- \* Upgrading lending institutions' and APTBEF's web sites
- \* Improving events created within the National programme in favour of improved quality for banking services (day of "free visits", Bank and Monetics exhibition);
- \* Suggestion to organise educational activities for the young public (Junior and high school students);
- \* Setting up, at university, a competitive examination for the best study or research in topics relating to the Bank's image.

Activities to be carried out to the benefit of Media in collaboration with structures related to Journalism:

- \* Setting up partnerships with Press and Communication sciences Institute and the African Centre of Improving Journalists and communicators in order to design common training programmes, upgrading, recycling and improvement activities in banking and financial sectors to the benefit of Journalism students and the professionals;
- \* Starting periodical discussions on topics relating to banking, leasing and factoring.
